## **Gina Brown named to Portage DD unit post**

Mike Sever  
about 11 hours ago

Miriam Holden, director of Service and Support Administration with the Portage County Board of Developmental Disabilities since 2002, has announced her retirement effective June 30.

Holden will be replaced as director by Gina Brown, who is currently a supervisor in the Service and Support Administration Department.

Brown, who has been with the board since 2002, was selected from a pool of six applicants and will assume her new duties on July 1.

Brown was awarded a two-year contract by the board at its regular monthly meeting on June 15.
